

# Testimonials - MBA (Executive) 2024-26 Batch

## **Ms. Khape Deepali Dinkarrao**

Senior Software Engineer - (Batch 2018-20)

"Be open to learning from your colleagues rather than playing the role of sole problem solver", I believe the same and experiencing the same here. The way of learning and real life application of the modules; with first-class professors, the ability to learn and explore new environments, networking across cultures, and of course, proving to myself I can do this. Not only I am growing as a person, but I heightened self-awareness, self-esteem, and abilities in leadership. The faculty is able to impart knowledge with a balanced view of what is really seen at the corporate level. It automatically elevates the level of classroom discussions and case study analysis.

Candidates would have already handled several live situations and would be in a great position to understand the course of action, as against the fresher who may not be able to imagine the same.

## **Mr Deepak Ramkumar Shukla**

Technical lead - (Batch 2018-20)

Tech Mahindra Subject what covers the topics are really having good visualization. This is only due to well trained and knowledgeable faculties. Good learning from this Executive MBA course helpful for Professional as well as personal development. All faculties, staff members & Infrastructure are really excellent. I believe, it was my best decision to join SIMS Executive MBA.

## **Mr Mayank Kumar Agrawal**

Mechanical Engineer - (Batch 2018-20)

This program is rightly designed for professionals like me who would like to more focus on learning aspect in the classroom. Curriculum covers each aspect of management theories, practices, tools and techniques. I am impressed with most of the faculty members whose way of teaching is fantastic to engage students in the classroom. I also appreciate the efforts being put from administration side to help students in best possible manner. Best MBA college in Pune.

## **Mr Pandya Bhavin Nirmal**

Lead Associate - (Batch 2018-20)

This Programme is tailor-made and offers a lot to professionals from corporate world. It empowers them with the knowledge which acts a thrust to the career aspirations.

## **Mr Dulal Nand**
